Candidate D

Education
B.Tech in Computer Science
Example Engineering College
2026

Skills

* Python
* Java
* Machine Learning
* TensorFlow
* Deep Learning
* Computer Vision
* Git

Experience
Machine Learning Intern — 8 months

Worked on:

* Data preprocessing
* Machine learning models
* Model evaluation
* Python development

Projects

Image Classification

Developed a machine learning model for image classification.

Customer Prediction Model

Built a machine learning model using Python to predict customer behavior.
